Mr. John Manley, president
Newark Eagle's Baseball Club
101 Montgomery St.
Newark, N. J.

Dear Mr. Manley:

Would you allow a Polish player to pitch batting practice for your team. For several reasons, including the chance to gain experience from pitching to batters of major league ability, I have picked the Newark Eagles.

Played ball with the Irvington Vocational team in 1938, and can remember when I batboyed for the International League All Stars against your old Newark Dodgers. Your double victory, at that time, convinced me of your team's ability.

Do not ask for salary, however do want the experience, admission to the games, and if possible the use of a uniform during the practice. Please consider this offer without any racial prejudice.

Thanking you, I remain,

Yours in baseball

P.S. Can furnish further details on request. I am 18 yrs. old.
